

S. K. INSTRUMENTATION SERVICES

The Total Solution of Instrumentation Needs

SKIS INSTRUTECH SYSTEMS

Completely Process Control & Measuring Instruments

Completely Solution of Instrumentation Needs

Main Office :

B02, 1st Floor, Chaurang Manas, Opp. Samruddhi
Hotel, Near Nirmal Township, Kalepadal Road,
Hadapsar, Pune - 411 028. MS India
+91 20 2682 5061 | +91 9922962873

Regd. Office :

03, Ground Floor, Gurukrupa Niwas, Near Limbore
Workshop, DhataV MIDC, Roha-Kolad Road, Roha,
Raigad - 402 116. MS India
+91 2194 264657 | +91 9922962872

Customer Support :

Process Control and Measurement of

Various Electrical and

Non Electrical Parameters

for Work of Servicing,

Testing and Calibration

S. K. INSTRUMENTATION SERVICES

The Total Solution of Instrumentation Needs

Established in the year of 2001, We S. K. Instrumentation Services introduced, Wholly dedicated to indigenous development and calibration service activity and ourselves as one of the leading Turnkey Instrumentation Company. Our Company is a professionally operated firm established to present completes the total solutions for all in the total instrumentation needs.

We within a short span has established an unmatched reputation for Technical Excellence. The natural of above is a large number of absolutely satisfied customers all over the country and an ever-increasing trend in our list of major customers. Under the able guidance of our founder, We have achieved the set goals and objectives of our company in the domestic market. With his wide experiences in the domain of actual working of Process Instruments and Automation, We have marked our distinguished position in the Chemical, Pharmaceutical, Sugar, Lime, Rubber, ETP and Engineering industries.

We provide the calibration service at on-site, as well as on our Laboratory. The Instrument brought for calibration at our Laboratory can be returning the same day if prior intimation is given. Master instruments Certified by regional government laboratories like IDEMI Mumbai, ERTL Mumbai and ARIA Pune.

We are currently in calibration service performing of Electrical, Temperature, Pressure, Flow, Level, Mass, Volume and Metrological Parameter as per the requirement of ISO, GMP, WHO and USFDA. Our laboratory consists of highly accurate Standard Calibration Instruments and is traceable to the National Standard.

We are capable to undertake parameters in such as ;

- ▶ Annual Maintenance Contract for Process Plant and Laboratory Instruments
- ▶ Calibration and Certification of Plant and Laboratory Instruments
- ▶ Validation or Mapping of Plant and Laboratory Equipments
- ▶ Developing of Plant Automation by using PLC, SCADA and DCS System
- ▶ Testing and Servicing of Laboratory Equipments
- ▶ Designing and Troubleshooting of Instrument Control Panel
- ▶ Installation and Start-up in work of Process Parameter

We provides professional Site network in Process of Plant Services on focused for On-Site Calibration, Process Control Automation, Control loop design and Clients Support. We have created an impeccable reputation with long term relationships with our Clients. Our Instruments are extensively acknowledged for their optimum functionality and durability.

We providing complete the total solution for all Instrumentation needs of our Clients. Our Engineers, Technicians and Office Staffs are constantly updated to keep up with the changing new process related Technology, Minimize downtime and Increase productivity. We are supported by a competent Team of Experts, Which works in close co-ordination with each another to achieve maximum client satisfaction.

We take this opportunity to introduce our Product Range and Service in the field of Process Control of Instrumentation. We are having an Excellent Testing and Calibration facilities. Services useful in your application to get in crease performance and efficiency.

S. K. INSTRUMENTATION SERVICES

The Total Solution of Instauration Needs

We offer Services for the following instruments in their respective Parameters such as ;

Electro-Technical Calibration

▶ Electrical related Instruments :-

Voltmeter, Ammeter, Frequency Meter, Data Logger, Resistance Box, Multimeter, Clamp on-meter, Megger, Earth Tester, Welding Machine, Humidity Indicator, High Voltage Tester, Conductivity Meter, PH Meter, ORP Meter, Sound Level Meter, Counter, Timer, Stop Watch, Tachometer, Multifunction Calibrator, Intensity Meter, Process Indicator, Loop Calibrator, Temperature Simulator, Isolate Converter etc.

Process Control-Mechanical Calibration

▶ Pressure related Instruments :-

Pressure Gauge, Vacuum Gauge, Diff. Pressure Gauge, Compound Gauge, Ton Gauge, Magnehelic Gauge, Pressure Switch, Pressure-Vacuum Transmitter, Dead weight Tester, Manometer, Digital Pressure Gauge, I to P Converter, Pressure Safety Valve etc.

▶ Mass related Instruments :-

Analytical Weight Box, Digital Weighing Balance, Tension Gauge etc.

▶ Volume related Instruments :-

Volumetric Flask, Measuring Cylinder, Measuring Burette, Measuring Tank, Measuring Drum etc.

▶ Flow related Instruments :-

Flow Meter, Flow Switch, Water Flow meter, Flow Totalizer etc.

▶ Level related Instruments :-

Level Switch, Level Transmitter, Level Indicator etc.

Process Control-Thermal Calibration

▶ Temperature related Instruments :-

Temp. Indicator and Controller, Temp. Recorder, Temp. Transmitter, Temp. Scanner, Temp. Sensor, Hygro-Thermometer, Temp. Thermocouple, Temp. Gauge, Temp. Switch, Glass Thermometer, Oven, Incubator, Humidity Chamber, Temp. Bath, Autoclave, Muffle Furnace, BOD Chamber, HPLC Oven, Melting Point, GC Oven, Vacuum Oven, Temp. Mapping of all Plant and Laboratory Equipments etc.

Dimensional-Metrology Calibration

▶ Metrological related Instruments :-

Vernier Caliper, Height Gauge, Micrometer, Dial Gauge, Dial Thickness Gauge, Ultrasonic Thickness Gauge, Slip Gauge, Measuring Tape, Measuring Scale, Length Counter etc.

Their process understanding and proficiency in the respective domain enables us to serve our customers as per the specific requirements provided by them. Our Team is well qualified and is regularly upgraded technically through seminars and training programs. We have team of about Nine People with Three Engineers and Six Technicians. Every Persons is tested to knowledge and dedication to his work before being offered a chance to become a member of the family of select Employees.

SKIS Instrutech Systems gives the total solution of Instrumentation needs for Process Control and Measuring Instruments. Suppliers of Maintenance, Project, Control panel and other Industrial related Process Instruments. We offer a wide range of world renowned instruments like Temperature, Pressure, Flow, Level, Analytical, Electrical and Metrological Instruments.

Under the able guidance of our founder, We have achieved the set goals and objectives of our company in the domestic market. With his wide experiences in the domain of actual working of Process Instruments and Automation. We also offer free samples of our range to assure the quality, effective functionality and higher performance of the product.

Our range of instruments include same other such as ;

Process Parameter

► Temperature Instruments :-

Digital Temp. Indicator and Controller, Temp. Scanner, Temp. Transmitter, Temp. Recorder, Temp. Gauge, Temp. Switch, Thermocouple, Temp. Sensor, IR-Thermometer, Thermowell, FLP Digital Temp. Indicator, PID Controller, Portable Thermometer, Data Logger, Isolate Converter, Digital Process Indicator and Controller etc.

► Pressure Instruments :-

Pressure Gauge, Vacuum Gauge, Compound Gauge, Magnehelic Gauge, Manometer, Pressure Switch, Pressure Transmitter, I to P Converter, Control Valve, Solenoid Valve, Auto Drain Valve, Pressure Safety Valve Diff. Pressure Transmitter, Valve Positioner etc.

► Flow Instruments :-

Turbine Flowmeter, Electromagnetic Flowmeter, Flow Transmitter with Indicator, Rotameter, Digital Flow Indicator and Totalizer, Flow Switch, Portable Flowmeter, Water Flowmeter etc.

► Level Instruments :-

Level Gauge, Level Magnetic Switch, Level Float Switch, Cable Float Switch, Level Controller, Digital Level Indicator etc.

Analytical Parameter

► Laboratory Instruments :-

Digital PH Meter, Digital Conductivity Meter, Oven, Humidity Chamber, Glass Thermometer, Stop Watch, Digital Higo-Thermometer, Analytical Weight Box, Glass Electrode, Analytical Weighing Balance etc.

Electrical Parameter

► Measuring Instruments :-

Digital Timer, Digital Clock, Digital Multimeter, Digital Clamp on meter, Digital Megger, Digital Earth Tester, Digital Ammeter, Digital Voltmeter, Display Panel Board, Panel for Electrical and Instrumentation, FLP Indicator and Controller, Tachometer, Lux Meter, Vibration Meter, Sound Level Meter etc.

Metrological Parameter

► Precision Instruments :-

Vernier Caliper, Micrometer, Dial Thickness Gauge, Dial Gauge, Length Counter, Measuring Scale, Measuring Tape, Height Gauge, Slip Gauge etc.

SKIS Instrutech Systems Provide in Products Supplier of Selectron, Shimedden, Eurotherm, Tokey, Abus, Fluck, Nagman, Yokogawa, Wika, Baumer, Emerson, Masibus, Fuji, GE Druck, Polltech, Electronet, Meco, Lutron, Testo, ESD, Nishko, Pune Techtrol, Metravi, Dwyer, Danfoss, Control Air, Airmax, Hydint, Jencoder, Mitutoyo, Baker, Aerospace etc.

Our Valuable Clients

- Kores (India) Ltd., Roha
- BEC Chemicals Pvt. Ltd., Roha
- FDC Ltd., Roha
- Rathi Dye Chem. Pvt. Ltd., Roha
- Roha Dye Chem. Pvt. Ltd., Roha
- Anek Prayog Pvt. Ltd., Roha
- DRT-Anthea Aroma Chemicals Pvt. Ltd, Roha
- Anthea Aromatics Pvt. Ltd, Mumbai
- Calchem Industries (India) Ltd., Roha
- Roha Carbonates Pvt. Ltd., Roha
- Elpee Chemicals Pvt. Ltd., Roha
- Privi Life Sciences Pvt. Ltd., Roha
- Pepsico Holding India Pvt. Ltd., Roha
- Hindustan Polyamides & Fibres Ltd., Kurkumbh
- Rohdiya Ltd., Roha
- Unichem Laboratories Ltd., Roha
- Kisan Irrigation Ltd., Roha
- Sempertrans India Pvt. Ltd., Roha
- Raptakos, Brett & Co. Ltd., Roha
